

DON'T BE A WRITING VIOLATOR

- *Always* Restate the questions completely as part of your response. **NEVER** start with Yes, because or No, because
- Absolutely do not think, believe, or feel in your responses. Even if your asked "Why do you think _____?" Be confident in your answers. No one really cares what *you* think anyways.
- **NEVER** use a pronoun before its antecedant.
- **NEVER** talk to your audience; Never say "You"
